

STUDENT REWARDS

OPTIONAL, ALWAYS

Student rewards are totally optional. Some schools love prizes. Some prefer no rewards at all. You choose what works for your school.

GOOD STUFF, DONE RIGHT

Our rewards focus on quality over gimmicks. NZ-sourced where possible. Brands kids actually like. Prizes that get used, no forgotten. No plastic clutter here, and they are sent from NZ!

SIMPLE TIER SYSTEM

Students work towards clear fundraising milestones, with rewards increasing as they go. It's easy to understand, and keeps kids engaged without overcomplicating things.

MORE MOTIVATION, MORE IMPACT

When schools choose to include rewards, a small service fee applies — but the extra motivation often leads to stronger fundraising overall. It's about finding what works best for your school.

RIGHT DOWN THE MIDDLE

Some fundraisers lock you into prizes. Others don't offer them at all. School Boost keeps it flexible — giving schools the choice to use rewards as a motivator, or skip them completely.
